BNR1837 Drywall Sander

This tool is designed for sanding walls and ceilings made of drywall or plaster in any position. Just use the built in extensions to change the length of the tool from 3.6 ft. to 5.4 ft. long. The long-reach is ideal for sanding high walls and ceilings. The removable brush segment allows sanding right up to the edge with ease. The tool includes our new **HALO lighting system** that helps make sure you can see all the variations on the surface you are sanding. The tool can be folded in half to reduce the length of the tool. The motor is mounted on the sanding head to reduce the number of moving parts and provides a direct drive to the sanding head. Center holes and edge vacuum locations provide a large area of dust collection. The tool also provides an easy hook-up with a standard vacuum hose to ensure a dust free working environment (when coupled with a properly used HEPA vacuum). With extension you can easily reach up to 12 ft.

Model: BNR1837 Drywall Sander	
Power:	5A / 600W
Voltage:	120V/60Hz
No Load Speed:	600-1500 rpm
Length: (base tool / with extension)	43.3"/43.3"-65" 110cm/110cm-165cm
Sanding Motion:	Rotation
Sanding Pads (dia.)	8.86 in (225mm) SDR9 series sanding pads
Abrasives (dia.)	9" (225mm)
Connection for dust Extraction (dia.)	1.38" & 1.85" (35mm & 47mm)
Weight: (without extension/ with extension)	7.06lbs./7.71lbs. (3.2kg/3.5kg)
Halo Light	Controlled by an on off switch on the head.
Certification:	ETL (US and Canada)

SDR9 series sanding pads available in packs of 10 ea. Sanding Pads 9" (225mm) Round	
SDR9-60	60 Gritt
SDR9-80	80 Gritt
SDR9-100	100 Gritt
SDR9-120	120 Gritt
SDR9-150	150 Gritt
SDR9-180	180 Gritt
SDR9-240	240 Gritt

BNR1839 Drywall Sander

This tool is designed for sanding walls and ceilings made of drywall or plaster in any position. Use the built-in extensions to change the length of the tool from 3.6 ft. to 5.4 ft. long. The long-reach is ideal for sanding high walls and ceilings. The removable brush segment allows sanding right up to the edge with ease. The tool can be folded in half to reduce the length of the tool to fit into a carrying bag. The motor is mounted on the sanding head to reduce the number of moving parts and provides a direct drive to the sanding head. Center holes and edge vacuum locations provide a large area of dust collection. The tool provides an easy hook-up with a standard vacuum hose to ensure a dust free working environment. With extension, you can easily reach up to 12 ft. The sanding head can be changed between a round head and a triangle head. The triangle head oscillates vs. the round rotating head. The triangle head allows for easier sanding along an edge of a wall or into tight spaces.

Includes a bright work light that illuminates the sanding area

Power:	5A / 600W
Voltage:	120V/60Hz
No Load Speed:	600-1500 rpm
Length: (without extension / with extension)	3.6ft. / 3.6ft.-5.4ft (110cm / 110cm-165cm)
Sanding Motion:	Rotation (Round Head)
	Oscillating (Triangle Head)
Sanding Pads (dia.)	Round 9 in (225mm) SDR9 series sanding pads
	Triangle 8.5 in (215mm) SDT series sanding pads
Connection for dust Extraction (dia.):	1.38" & 2.25" (35mm & 57mm)
Weight:	7 lbs. / 7.7 lbs. (3.2kg / 3.5kg)
Accessories:	Vacuum hose
Certification:	ETL (US and Canada)
Protection class;	Class II - Double Insulated

BNR1841 Hand Held Drywall Sander

This tool is designed for sanding walls and ceilings made of drywall or plaster in any position. This is a lighter handheld version of the Drywall Sander. The removable brush segment allows sanding right up to the edge with ease. The motor is powerful enough to provide its own suction of the dust produced. Center holes and edge vacuum locations provide a large area of dust collection. The tool provides a easy hook-up with a standard vacuum hose to ensure a dust free working environment. (When coupled with a properly used HEPA vacuum.) The tool includes our new **HALO lighting system** that helps make sure you can see all the variations you are trying to sand. Including a vacuum bag with strap that you can carry a dust collection system with you as you go. This tool uses our smaller sanding discs SDR7 7" to allow for even more control of the location of the sander.

Power:	6A / 720W
Voltage:	120V/60Hz
No Load Speed:	1500-2700 rpm
Length x Width x Height:	12" x 9" x 10" (305mm x 229mm x 254mm)
Sanding Motion:	Rotation
SDR7 series Sanding Pads (dia.)	7 in (180mm) Round
Abrasives (dia.)	7 in (180mm)
Connection for dust Extraction (dia.)	1.38" & 2.25" (35mm & 57mm)
Weight:	6.17 lbs. (2.8kg)
Halo Light:	Controlled by an on off switch on the rear of the handle.
Accessories:	Vacuum hose, dust bag and Side Handle
Certification:	ETL (US and Canada)

SDR7 series sanding pads available in packs of 10 ea. Sanding Pads 7" (180mm) Round
