

Husqvarna K 970 Chain

The Husqvarna K 970 Chain is a gas-driven power cutter with a diamond chain. It is based on the popular K 970 power cutter and includes all of its technical and ergonomic advantages. With a concrete chain saw, you get better access in tight situations, better control and avoid gyro forces which allows for sharp corners without over-cutting. Make up to 15" (390mm) deep cuts from one side. Used in combination with a traditional power cutter to make the initial cuts provides the fastest and most economical technique for deep cutting.

Features Husqvarna K 970 Chain

- Engine with X-Torq® produces 70 % less emissions, 20 % lower fuel consumption and more power.
- Makes up to 16" deep cuts from one side.
- Make up to 15" deep cuts from one side.
- Active Air Filtration, centrifugal air cleaning in three stages, extends product life and service intervals.
- Engine with X-Torq produces more power, higher torque and greatly reduced emissions.
- SmartCarb, built-in automatic filter compensation, maintains high power and lowers fuel consumption.
- DuraStarter, a dust-sealed starter, and the durable starter cord reduce the risk of downtime and increase reliability and service life.

TECHNICAL SPECIFICATION	
Engine	Air-cooled 2 stroke engine
Cylinder displacement	5.71 cu.inch
Power output	6.5 hp
Fuel tank volume	33.8 fl oz
Idling speed	2700 rpm
Vibrations front handle	3.6 m/s ²
Vibrations rear handle	2.3 m/s ²
Sound pressure level at operators ear	103 dB(A)
Sound power level, guaranteed (LWA)	116 dB(A)
Bar length	14 inch
Max cutting depth	15 inch
Weight (excl. cutting equipment)	20.9 lbs
Fuel tank volume	2.1 US pint
