The "Guys" at Bison/Stock Building Supply; Houston, TX

"I have not had to replace any of the shoulder pads that I have ordered (1.5 years). They get used daily for about 8-9 hours. Granted we only deal with wood products, but the guys love them! What our company loves the most is the fact that the injuries have diminished completely with shoulder or neck cuts due to the wood! We love them!" Fernando, Safety Manager, BMC Houston, Texas

The "Old Way"

The "Tuff-Ox" Shoulder Pad Way!

"I do wildlife photography. I purchased this pad to protect my shoulder when I'm carrying my camera, large telephoto lens, and tripod. It works great! I've also lent it to my brother-in-law who is a builder." D.S. - Grand Rapids, MI
